FEBRUARY 2012

"You don't stop playing because you grow old; you grow old because you stop playing"

MESSAGE FROM THE PREZ/Webmaster - Greg Jones info@dfwyoungatheartskiers.org

Ski Trips -- From all indications, our trip to Snowmass was another great success: only positive feedback was received, with many kudos for our trip leader, Pam. Even non-skiers enjoy Pam's trips -- the gatherings for breakfast, happy hours, activities with other non-skiers, etc. If you haven't been on one of Pam's ski trips, don't miss another one!

I and seven others from our club are looking forward to our trip to Heavenly in mid-February for some scenic skiing above Lake Tahoe with members of the Lone Star Skiers and other Texas Ski Council clubs.

Nominating Committee -- Your board of directors has appointed Glenna Day as The Chair of the nominating committee for next year's officers. If Glenna asks for your help on the nominating committee or to run for an office, please give her request serious consideration.

Website -- Our website has recently been updated with photos of the Snowmass trip, Click on any photo on the Photo page and you will be taken to the Picasa website, where you can see an enlarged view of the photo or the entire album for that subject. For example, click on *Staying in Shape* and you can see other photos of Pam on her skydiving adventure. On the Members Only page we now post minutes of our Board of Directors meetings, as well as the club roster and financial reports.

NOTES FROM THE VP – Maggie Phillips

I may be getting a few 'new parts' (or great repair job) soon and planning to be back in the race circuit by 2013!

"It takes a whole club to raise a new member skier"

We are continuing to get inquiries from our web site and limited publications. Allen assures us that 'the brochure in the making' should be complete with a supply available at

our upcoming Annual Meeting. Of course we have a good supply of 'calling cards' and Charles says we just received another box! Our membership is slightly up with 52 members currently on our roster but to maintain our healthy status we need every member to spread the news.. Be sure to pass out cards at all of your activities. We never know who skies until we let them know that we do. We are continuing our push for publicity as it ranks right up there with our website for attracting new members. Word of mouth goes a long way.

WE'VE BEEN PLAYING

Words on the SNOWMASS, CO Trip 1/10-16, 2012

The Newest Heart  - Cindy Scholer

The Snowmass YAHS January 2012 trip was for me extraordinary. I loved being with the entire group from the moment I met them at DFW....they filled the departing gate with such enthusiasm. Strangers approached me and asked about us....I was so thrilled to briefly say I was with them and our destination was Snowmass and we were going to ski and play in the snow! (I stole that line from you Pam).

The Snowmass Ski experience was breath taking....I thought the condominium's were lovely, having the opportunity to catch a work out at the Snowmass Club was an added bonus. My suite mates were fascinating well traveled ladies full of adventure and life....they were hilarious.

I especially loved the fact each day was different, we had choices to make as to where we would ski (much depended on snow!) I was never disappointed as I loved skiing with the members and embraced the ugh.....Nastar Race Challenge....a whole other story!.....Truly one to celebrate....those who came away with medals and those who "did it" for the first time.

Please do not mention names!.....and I believe....She would "do it" again!

For those who did not ski...they found themselves on an equally exciting adventure....hot springs, Mammoth interactive exhibit, dog sled ride, art galleries...and of course therapeutic retail.....and not necessarily in that order.

Some of us were fortunate enough to ski with "Ambassadors" Two gentlemen guided us on Snowmass mountain...they were interesting, engaging, knowledgeable and excellent skiers....The other experience I had was with a very very special "AMBASSADOR-DIPLOMAT" ... We challenged this person over and beyond the call of duty that day at Highland Mountain...He took us skiing to areas of the mountain that we would have otherwise never found. He shared with us the love he had for the mountain and life in general. I know the two other "Texas Ladies" share my sentiment....and if it is at all possible he would be a fantastic addition to our club.....Honorary of course as he lives in Colorado.

.....and this is where I would like to conclude...forgive me if I have left anything out....I have an amazing recall from the trip...and you know something, I am slowly learning that life is going to be just fine! YAHS January 2012 taught me that...and they thought it was just about skiing.

Thank you all once again.

Seasoned Gold Medal Winner – Joyce Muldoon

Another GREAT trip led by Pam and Allen Terrell. We had 26 people from our group on the trip and what a “merry” time we had.

We arrived Tuesday evening, January 10, to beautiful accommodations. Everyone met in the hospitality condo for the first of many happy hours and a soup and sandwich buffet dinner. The food was great but the socialization among everyone was outstanding. There were several first timers who seem to fit in instantaneously.

Each morning we met in the hospitality condo for breakfast. Pam and Allen had precooked many of the breakfast offering in Dallas and transported them to Snowmass.

Wednesday was the day to test out our ski legs. Several took ski lessons and several tried out the race course in preparation for the ski races on Thursday. Again back to the condo for happy hour, a chili dinner and lots of socialization.

Thursday, the big race day, was exciting. Rich Brandenburg, our race coordinator & led our 16 member team to first place in division III. Three of our best racers, Phyllis Schieber, Irene Philipp and Maggie Phillips had medical issues and were unable to compete. That afternoon were the individual races and we finished winning two gold medals, Pam Terrell and Joyce Muldoon, one bronze medal, Rich Brandenburg, and three Nastar medals, Pam, Rich and Warren Norris. It was exciting for everyone, especially those who were racing for the first time.

Thursday night’s dinner was a great Mediterranean dinner, again at the condo and imported from Dallas. Made our Traditional Toast “here’s to winning races, whatever they may be” with Pam’s famous Lemon Cello, .

We had access to a wonderful fitness center just across the street from the condos. Every afternoon we strolled over after skiing to sit in the hot tub and enjoy the rest of their many amenities.

Friday was another ski day with several taking a tour of the mountain, others exploring the various trails and some taking it easy on the beginner runs. Friday night was awards night. We had our happy hour and dinner at the Victoria Hotel along with the other 380 participants from the Texas Ski Council. Our club was the most enthusiastic group in the house. When our medals and awards were announced no one remained seated and our lung capacity was not exceeded by any other club! Go YAHS !!!

More skiing on Saturday for some, but others, like Marlow and I went into Aspen to roam the streets filled with beautiful art galleries, expensive shops & excellent consignment shops. That evening we visited Krabloonik, the largest sled dog kennel in North America. What fun it was to see them set up the sleds for the night run (we did not dog sled). We had dinner at the on-site restaurant which was delicious although there was some confusion when the final bill appeared and the waiter had neglected to do individual tabs. Four members signed up for a dog sled ride the next day.

The weather report said snow was on the way, so Marlow and I left on Sunday morning to head back to Dallas. It was a great trip and anytime the Terrells are leading, we are going.

IT'S SNOW FUN IN THE MAKING !
